7. **FAFSA:** The FAFSA is the Free Application for Federal Student Aid. Students submit the FAFSA to apply for financial aid for college from the federal government, state governments, and most colleges and universities. About 20 million students file the FAFSA each year. Financial aid includes grants, scholarships, student employment and student loans. We are still waiting on the date The FAFSA Application opens.
8. **What is the Educational Opportunity Program (EOP)?:** The Educational Opportunity Program is designed to improve access and retention of historically low-

income and educationally disadvantaged students. EOP students have the potential and demonstrated motivation to perform satisfactorily at a CSU and UC, but they have not been able to realize their potential because of their economic and educational background. The program provides admissions and academic assistance to EOP-eligible undergraduate students. In many cases, the program offers financial assistance to eligible students. Campuses tailor their programs to accommodate the needs of their student population. Each UC and CSU campus except California Maritime Academy has an EOP for low-income undergraduate students who are California residents and are disadvantaged because of their educational backgrounds. Students with a history of low income who need academic and financial assistance may apply for the program. EOP accepts students who do not meet regular admission criteria, as well as those who qualify for regular admission. Be sure to indicate on the application if you are applying through EOP.

9. **What is Cal State Apply?:** Cal State Apply is an online resource designated to help students and their families learn about the CSU system, select a CSU campus to attend, plan to finance higher education, and apply for admission. Personal data entered by the user is not released without the user's express consent and direction. It is free to use. The student will only pay the application fee charged directly by the CSU campus when an application for admission is submitted. Check out: <http://www2.calstate.edu>
